

The Daily Courant.

Tuesday, July 29. 1707.

From the Amsterdam Courant, dated August 2.

Vienna, July 20.

OUR Court flatter themselves that the King of Sweden will be satisfied with the Sentence that has been pronounced here against Count Zobor, by which he is degraded from all his Employments, and condemn'd to 6 Years Imprisonment; and 'tis hop'd his Swedish Majesty will have Regard to the Intercession which the Prince of Lichtenstein Count Zobor's Father in Law will make for him. The Court are extremely pleas'd with the Elector Palatine's Consent to let his 5000 Men that have serv'd some time in Italy be sent to Spain to King Charles III. Yesterday arriv'd here Count Taun, Brother of General Taun, with the News that the City of Naples and other Places of that Kingdom have open'd their Gates to the Imperialists. 'Tis confirm'd that the Hungarians have declar'd the Throne vacant; and 'tis said some of the Leaders of the Malecontents are for electing the Emperour a'gen for their King, provided he will restore them to all their Rights; that others are for the Elector of Bavaria, and others for King Augustus.

From the Paris Gazette, dated July 30.

From the Camp at Waltof, July 18. The Marshal de Villars caus'd a Body of Horse to take Possession of Heidelberg the 12th Instant in the Morning, and in the Evening 600 of his Foot entred the Castle, which is strong by its Situation, and by the Works which the Elector Palatine has caus'd to be made about it. The 13th Detachments pass'd the Neckar, and posses'd themselves of Weinheim and Heppenheim in the Bergstraat, in order to establish Contributions there. The 14th the Marshal de Villars caus'd Men to take possession of Manheim at the Outlet of the Neckar, at the Time when the Enemy were sending Troops thither from the other side of the Rhine; but they sent them too late. That Post hindred the Enemy's Army from receiving Provisions by the Rhine. The 15th the King's Army march'd from Bruchsal, and came and encamp'd here, in the Mid-way between Bruchsal and Heidelberg, which is the only Place on this side of the Rhine from whence the Enemy could get Forrage. Detractors reported that they began to want Provisions, having no Magazines; and that they had desir'd some of the Gouvernor of Philipsbourg, who excus'd himself alledging he had not enough for his Garrison. Hereupon the Enemy's Generals, who besides apprehended the Marshal de Villars would lay a Bridge over the Rhine at Manheim, resolv'd to pass that River without Delay; and did so the 16th over the Bridge at Philipsbourg, after they had sent back thither the Troops that had been drawn out of it. They encamp'd at Spire, and the next Day at Worms, where they continue to Day, and 'tis believ'd they will go and repass the Rhine at Menz. The Marshal de Villars having summon'd the Country between the Neckar and the Main to pay Contributions, the Landgrave of Darmstadt and several other Estates sent Deputies to treat of Contribution, that their Subjects might not be expos'd to military Execution. To Day the Marshal de Villars has order'd the Count de Sezane, to march with a strong Detachment of Horse Dragoons and Hussars, to

Franconia, to lay that Country under Contribution as far as Wirsbourg, Bamberg, and Nuremberg. In the mean Time we have Advice, that another Detachment of Hussars does great Executions in the Territory of Ulm, because that City has not yet paid Contributions.

From the Leiden Gazette, dated Aug. 2.

From the Imperial Camp near Spire, July 26. The Saxon Troops that we expected are arriv'd within a League of our Camp, and are to joyn us to Morrow: 'Tis said, that immediately after their Arrival the Margrave of Bareith will hold a great Council of War, to deliberate whether it will be best to repass the Rhine and endeavour to come to a general Engagement with the Enemy. The Marshal de Villars, who continued encamp'd near Waltof, has sent several Detachments to Franconia, Swabia, and the Bergstraet, to levy Contributions: And we have Advice that Ulm and Hall have been oblig'd to submit to pay Contributions, after the Enemy had burnt some of their Villages. 'Tis advis'd by the Way of Landau, that the Detachment of Bavarians which is come up from the Netherlands have pass'd by Hombourg, in their Way to Alsace.

From the Amsterdam Gazette, dated August 2.

Heilbron, July 25. The repeated Summons that have been sent to this City for Contributions, have made no Impression upon the Inhabitants, who are determin'd to defend themselves; and the Garrison is reinforce'd to 600 Men. The Enemy have put a Garrison into Mosbach: They have likewise posted 1000 Horse at Meckmull, whence they make Incursions deep into Swabia and Franconia. Their Parties have taken 2 Nuns out of the Convent of Schoonahl, as Hostages for Contributions; and have plunder'd Assemstadt and 2 other neighbouring Lordships.

From the Amsterdam Courant, dated August 2.

Heidelberg, July 25. The French will send away their Hospitals from hence and from Manheim to Morrow, and we hear they have sent a Detachment to Provence: So we hope we shall quickly be rid of our troublesome Guests.

Heidelberg, July 27. This Afternoon came Advice that the Enemy's Army is broke up from Waltof; that they have their Head-Quarter to Day at Bruchsal, and will pass the Rhine to march into the Lines of Lauterbourg. This Evening the Enemy's Garrison here will march out to joyn their Army.

Frankfort, July 27. The French have made greater Demands of the Heiderberghers than is in their Power to comply with, and therefore 'tis apprehended they will use them ill at Parting. The Landgrave of Hesse has agreed with the Enemy for Contributions. Letters from Switzerland tell us, that the Army of the Allies in Provence consists of 52 Battalions and 54 Squadrons; and that the Body under General Kriechbaum in the Valley of Aoste consists of 17 Battalions and 50 Squadrons.

From the Leiden Gazette, dated August 2.

Menz, July 26. Deputies sent by our Elector to the Enemy's Army to treat of Contributions, return'd bither two Days ago, having agreed to pay 60000 Florins for this Electorate. 'Tis said the City of Ulm, with its Dependancies, has agreed to pay them a like Sum.

Hildefseim, July 29. The 27th the Earl of Peterborough arriv'd at Hanover. The Preparations for the Departure of the Elector of Hannover to the Army

Army

Army of the Empire are hasten'd; and 'tis presum'd he will speedily be going, his Troops being already on the March.

Maastricht, July 30. Yesterday Morning a Gentleman went post through this Place, being sent from the Elector of Hanover to the Duke of Marlborough. We are assur'd his Electoral Highness's Field Equipage is ready, and that the begining of next Week he will set out for the Upper Rhine, with a Guard of 2 Regiments, to take upon him the Command of the Army of the Empire.

From the Camp at Meldert, August 1. On Saturday last Brigadier Palms set out from hence for Provence, being sent thither by my Lord Duke of Marlborough to concert with the Duke of Savoy and Prince Eugene the Measures to be taken for prosecuting the War with all possible Vigour. A Courier who arriv'd this Morning, and left the Imperial Army near Spire the 28th of last Month at Noon, says, the Marshal de Villars was then marching with the greatest part of his Army between Philippsbourg and Raftadt, as it was sappos'd to repass the Rhine. This Day the Duke of Vendome review'd the French Army, in order to distribute Oats to the Horses, that appear'd, and which we are told are in a very bad Condition.

Hague, August 2. After a very long Negotiation, and after many Letters, Answers, and Replys, the Affair of the Bishoprick of Eutin (or Lubeck) is made an End of; so far as relates to the Administrator of Gottorp's continuing in Possession of that Bishoprick. Prince Charles of Denmark has subscriv'd an Act of Renunciation of that Bishoprick, and is to have a yearly Penzion of Great Britain and Holland; and has oblig'd himself to acknowledge the Administrator of Gottorp for Prelate of the said Bishoprick; but 'tis with this Restriction, that it shall be after the Imperial Court has acknowledg'd him. Letters from Coblenz of the 28th past, say an Express from the Margrave of Bareith was come thither to desire that the Regiment of Munster might hasten their March to him; whereupon it was order'd to march out forthwith.
